Music from the Coffee/Tea Lands

Now that you have explored “Music from the Chocolate Lands,” you are going to create your own version of “Music from the Coffee/Tea Lands.”

Working in small groups, you will research a country that produces coffee or tea. You will also find a song that will represent your country. Using the information you learn, you will create a Glogster presentation.

Information to include in your presentation:

- Background on tea/coffee production
- Languages spoken
- Brief history of country
- Types of music found
- Instruments used
- Important/famous musicians
- Background information on the musician/song that represents your country

You will also need to include several images from your research, including a map and flag of the country. At the end of your presentation you will play your song and lead a discussion using the music listening journal format.
